160 Convent Ave
New York, NY 10031

Education

Graduating 06/2022	M.S. Biology , City College of New York (CUNY) - New York, NY
Graduated 06/2020	B.S. Biotechnology , City College of New York (CUNY) – New York, NY

Qualification

- **Applications:** Microsoft Word, Excel, PowerPoint
- **Lab Skills:** DNA extraction, Polymerase Chain Reaction (PCR), Agarose Gel Electrophoresis (AGE)
- **Languages:** English and Chinese (both Mandarin and Cantonese)
- **Writing Skill:** Basic Scientific Writing
- **Core Qualities:** Responsible, goal-oriented, hardworking, organized

Lab Experience

09/20 – Present	Graduate Intern , Lohman Lab of City College – New York, NY <ul style="list-style-type: none">• Helped the principal investigator with lab tasks.
10/19 – 05/20	Laboratory Assistant , Biology department of City College – New York, NY <ul style="list-style-type: none">• Prepared chemicals and reagents required for biology lab courses.• Washed used glassware and cleaned up dead organisms (insects).• Cultured model organisms (insects and protists) and prepared for their foods.• Organized chemicals and safety data sheets.
09/19 – 05/20	Undergraduate Intern , Carnaval Lab of City College – New York, NY <ul style="list-style-type: none">• Extracted DNA from treefrogs' tissues.• Performed Polymerase Chain Reaction to amplify mitochondrial DNA extracted from animal tissues.• Performed Agarose Gel Electrophoresis to quantify amplified DNA segments.• Cleaned up genetic data and created phylogenetic trees.

Awards

2020	Pearl Rosenthal Scholarship
2020	Professor William Stratford Prize
2019	Ira & Cecille Weber Scholarship

Honor

2017	Dean's List, City College of New York
